

REMARKS

The Office Action objected to the Abstract. Submitted herewith is a new Abstract that complies with the requirements.

The Office Action rejected claims 20-22 and 35 under 35 U.S.C. § 112, first paragraph, as not being enabled. The Office Action acknowledge that the claims were enabled for 2,3-disubstituted pyridines where B is phenyl. Applicants have canceled claim 20 and submitted new claim 38 which is so limited and is enabled. Accordingly, withdrawal of the Section 112, first paragraph, rejection is requested.

Applicants are submitting herewith an Exhibit that contains assay data to be inserted in the Table on page 15 of the specification.

Favorable consideration and allowance of claims 38, 21, 22 and 35 is respectfully requested.

The Commissioner is hereby authorized to charge any additional fees which may be required in connection with this submission to Deposit Account No. 23-0785.

Dated: April 5, 2007
